

Technical information

Multicattura topi plastica is a specific trap for mice but also suitable for catching crawling insects. Made of sturdy plastic material, it is equipped with a lid transparent for immediate visual inspection. It is resistant to humidity and washing.

Placement

Place the trap on the ground along the wall, in place hidden. Ideal for companies in the food supply chain (bars, restaurants, etc.) to monitor their presence. To be used with an attractive attractant inside.

Dimension

Depth	17,0 cm
Length	27,0 cm
Height	5,5 cm
